

FIX A KITTY LITTER!

Starting May 10th, we are offering a package deal on “Fixing a Litter of Kittens” We will fix an entire litter of kittens for only \$75. You must be a St. Johns County resident.

Program details:

- Up to 5 kittens from the same litter (additional kittens from the same litter will be \$15 each)
- Includes the first Feline Distemper (FVRCP) vaccination
- Kittens 3 months and older will also receive a mandatory Rabies vaccine at an additional \$10 per kitten at the time of surgery.
- All kittens must be the same age and from the same litter
- All kittens must be between 2 and 4 pounds to qualify for this program
- Additional services are available for a low fee
- Multiple kittens in one carrier are acceptable but the carrier must be size appropriate for the number and size of kittens
- We want to fix all the kittens in a litter before they are found forever homes
- Remember, kittens must be 3 months old to get a rabies vaccine. If they are not old enough to receive the vaccine at the time of surgery, you should schedule a follow-up office visit.
- Additional fees will apply at follow-up office visits, depending on services , medications, and vaccines that are required/requested

OFFER ENDS JULY 28TH
